Lab: Mr. Music Shop (Part 2)

Creating Wireframe and Screenflow Diagrams with Lucidchart

Introduction

For this assignment you will create a wireframe diagram and screenflow diagram in Lucidchart for the website you designed last week. Read the instructions and requirements below and have the assignment completed by the end of class.

Instructions

1. Use your sketches from part 1 of this assignment to design a wireframe diagram in Lucidchart.

2. Use your sketches from part 1 of this assignment to design a screenflow diagram in Lucidchart.

3. Submit both diagrams as PDFs to learning suite.

Requirements

❏ Website

    ❏ Meets all the requirements in part 1 (you should just follow your sketch)

❏ Wireframe Diagram

    ❏ Made in Lucidchart
    ❏ Student has a wireframe for each page of the website
    ❏ Design is clear
    ❏ Matches the sketch made in part 1

❏ Screenflow chart

    ❏ Made in Lucidchart
    ❏ Student has a bubble for each page of the website
    ❏ Transitions are clear
    ❏ Matches the sketch made in part 1
